

**CORPORATE SOCIAL RESPONSIBILITY (CSR)
POLICY OF COCHIN SHIPYARD LTD.
(Approved by Board of Directors of CSL in its 213rd
Meeting held on 23/07/2014)**

1. CSR- ETHOS

1.1 Public and Private Corporate Entities have legal responsibilities to maximize shareholder profits; but a shift in corporate mindset led by social expectations and pressure is causing business leaders to rethink their responsibilities with respect to corporate performance measured in terms of economic impact, social impact and environmental impact – commonly called the Triple Bottom Line.

1.2 Economic growth is possible only through consumption of inputs available in the environment and society. The harnessing of natural resources has a direct impact on the economy, the environment and society at large. Corporate Social Responsibility (CSR) is a concept whereby organizations serve the interests of society by taking responsibility for the impact of their activities on customers, employees, shareholders, communities and the environment in all aspects of their operations. CSR has come to be accepted as an effective vehicle to reach the economic benefits of the corporate to its various stake holders in a more focused, tangible and measurable manner than before. It is no more an extended arm of charity of the corporate but an integral management function

2. CSR- VISION

2.1 Cochin Shipyard Ltd. in consonance with its Corporate Vision looks forward to continue in the best tradition of being a responsible Corporate Citizen recognised for the quality of its products and services and respected for its ethical way of conducting business. In this, it endeavours to follow the path of shared inclusive growth, thereby distributing the fruits of its prosperity towards improved quality of life of the society and contributing to environment and Nature for sustainable development.

3. CSR- MISSION

3.1 CSL wishes:

3.1.1 To share part of its prosperity and resources to people and environment through the CSR outreach programmes..

3.1.2 To improve the quality of life and make the world around it a better place to live.

3.1.3 To handhold the marginalized sections of citizens to bring them to mainstream of life by economic and social empowerment.

3.1.4 To project a positive and people and planet friendly corporate image

3.1.5 To ensure tangible and measurable impact on the target population and place through asset creation, infrastructure development, etc.

3.1.6 To work hand in hand with other corporate entities, Government organs, People's Representatives, other like minded agencies etc. to synergize the engine for Nation building.

3.1.7 To adopt CSR as a way of conducting business and make it part of its organizational culture.

3.1.8 To take all stakeholders of CSL such as its employees and contractors on board to further its CSR objectives.-

3.1.9 To engage and enthuse the employees with sense of pride and ownership being responsible employees of a responsible corporate entity.

3.1.10 To leverage CSL's core competencies and resources, including its strengths in ship building and ship repair services, governance, human resources, business operations and development, facilities, networks etc. towards improving the society and the environment on shared value principle.

3.1.11 To adopt and implement corporate social responsibility policy and plans within the frame work of the relevant Statutes, Guidelines etc including measuring, monitoring, evaluating and reporting of CSR interventions of CSL.
